

Ishtar - Anomalie #2169

Removing a user removes all his creations

12/11/2014 20:42 - Valérie-Emma Leroux

Status:	Résolu	Start date:	12/11/2014
Priority:	Urgent	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Difficulté:			
Description			
When removing a user, everything he has created (operations, parcels, etc.) is removed as well. Quite problematic when you only want to remove access to a prior worker.			

Associated revisions

Revision 8c99e78a - 12/12/2014 14:06 - Étienne Loks

Don't erase any creation of this user when it is deleted (refs #2169)

- creator is no more a mandatory field
- for associated foreign key relation: on_delete set to SET_NULL
